## HOBBIES

-Reading      -Weightlifting      -Fishing

I am a dedicated student-athlete at Saline High School, balancing my academic responsibilities with my passion for hockey. My commitment to both my education and my sport drives me to constantly challenge myself, striving for excellence in everything I do.

My goal is to play hockey at the Division 1 level while studying Sports Medicine. I push myself every day through extreme training, including daily drills and skating with a variety of teams, including boys varsity and JV teams and 19U teams, to continually improve my skills. I believe in the importance of growth and consistently seek out opportunities to test my limits, both on and off the ice. My focus is on becoming the best version of myself as a student, athlete, leader, and teammate.
